

SUPPLY CHAIN SOLUTIONS

JSSI Parts & Leasing becomes your purchasing team through our Supply Chain Solutions Program. Our fully dedicated procurement staff does all your buying – providing 24/7 support for your aircraft.

Whether you're a fleet operator, corporate flight department, or a management company, you can leverage our buying power and 24/7 support.

PROGRAM BENEFITS

When you enroll in our Supply Chain Solution program, we become an integral member of your team. Gain access to our 100,000+ lines of inventory and purchasing power via our favorable distributor & OEM relationships. Our program helps you:

- Consolidate vendors & streamline your billing process
- Manage warranty claims
- Coordinate ALL core returns
- Coordinate alternative solutions for O&As and BER core situations
- Reduce your freight spending
- Easily submit requests through an online portal

LEVERAGE OUR SCALE

- 100,000+ parts in stock supporting 80% of all business aircraft in operation today
- 70+ lease engines and APUs available for lease or exchange
- 3 global warehouse locations
- 600+ worldwide vendors

PRICING

We offer two simple pricing structures: a monthly fee, or a straightforward transaction-markup. Talk with our team today to learn how we can best customize this program to fit your needs
