ADVOCATING FOR OUR CLIENTS

PLANNING & QUOTING

- Compare multiple quotes from recommended MROs
- Receive a thorough review and independent feedback on all quotes
- Benchmark quotes vs. historical cost data
- Leverage JSSI buying power across multiple facilities

INDUCTION

- Receive representation at the event debrief
- Mitigate out-of-pocket vendor expenses for certain induction, midpoint, or pre-departure payments, which can sometimes approach 50% of the total estimated work order
- Let JSSI help meet large payment requests, often the same day within the United States

SHOP INTERFACE AND VISITS

- Assess squawks for potential warranty-related items and repair or replace options
- Interact with a dedicated vendor project manager on a weekly basis
- Take advantage of opportunities to source aggressively priced material on the open market

INVOICING

- Ensure accuracy with a detailed review of preliminary and final invoices
- Review and challenge any potentially inflated labor hours
- Check all final logbook entries are accurate
